

iPad Loaning for People with Aphasia

A Guide for SLTs and Professionals: August 2022

AphasiaNZ loans iPads to Friends of AphasiaNZ with aphasia living in the community:

- Who do not have their own device;
- Who want to use the device for therapy practice;
- For up to 4 months.

We **do not** generally do a **second loan** within a 12-month period i.e., if someone has borrowed a device and found it useful, we want to assist them to get their own device rather than provide another loan. We also **cannot extend** the loan period due to the large number of people wanting to access the loaning programme.

AphasiaNZ wants to help people with aphasia find a permanent solution to getting their own device if money/finances are a barrier to doing so.

Please see the information sheet ***“Here are some ideas which may help...”*** with some suggestions and options for self-funding.

The first step is for people with aphasia and spouses/whānau to join as Friends of AphasiaNZ by completing the online form here:

<https://www.aphasia.org.nz/aphasianz-resources/friends-of-aphasia/>

We have reduced the fee for joining as a Friend. The cost is now \$25 for a single person or \$30 for a person with a spouse and/or whānau. *The fee is however now not tax deductible.* When joining as a Friend people are offered the opportunity to also make a donation to AphasiaNZ.

We do have some older iPads which we have retired from the programme available for people with aphasia for a long term loan i.e. they can use it for as long as they need or want to. However, these devices **do not come with an iTunes account and apps** and the person borrowing one of these iPads would need to add his or her own iTunes account and pay for any apps.

Before requesting an iPad loan for your patient/client, please review the checklist below:

My client/patient resides at home or in the community i.e., he/she is not an inpatient (in hospital or a rehabilitation facility)

YES NO

My client/patient and his/her spouse or significant other (if applicable) has joined as a Friend of AphasiaNZ

YES NO

I understand that there may be a waitlist for an iPad loan, and that an iPad may not be immediately available

YES NO

My client/patient is wanting to borrow an AphasiaNZ iPad because they do not have their own device

YES NO

My client/patient is wanting an AphasiaNZ iPad for therapy practice, and/or self-directed and/or supervised learning (not as an AAC device)

YES NO

I will explain the following to my client/patient:

- The iPad is to be returned to AphasiaNZ by the date stated in the loaning agreement,
- That if damaged, stolen or lost then the cost of repair or replacement will need to be paid to AphasiaNZ,
- The iPad is to be returned to AphasiaNZ as a tracked parcel or by courier and packaged well.

YES NO

If you have answered YES to all of the above we can proceed with an iPad loan. See the loaning process flowchart on the next page
